

The latest enhancements to our Rotary Nozzle Series push the envelope on performance, ease of use and productivity!

ROTARY NOZZLE SERIES

K-Rain's rotary nozzles are the only combination allowing the contractor to carry fewer sku's in their trucks. The 90°–270° adjustable arc will fulfill 80%–90% of all arc adjustments usually required! The full 360° and specialty models complete the variety of pattern options.

Compatibility: K-Rain's Rotary Nozzles are female threaded and are compatible with all male threaded spray bodies including the Pro-S and NP spray lines.

Nozzle Guard: In addition, we offer a Nozzle Guard for the Pro-S series of sprays which provides additional protection for the rotary nozzle.
